Propaganda --

Broken Land -- Hold on, Chief Beerbelly, help is on the way! We're only sorry we had to go through the Illinois to reach you -- but they seem to have lost heart in the war, and were no longer able to fight effectively against those lackeys of the white-eyes, the Apache dogs. Long live the Iroquois-Muskhogeian-Shoshoni Triple Alliance! Death to the Apache carrion! All hail Great Chief Haintawatha and all who follow him! Hai! Hai! Hai! Hai! Aiiiiiiiiiyy!!!!

Miami -- The rumors that Apaches are cowards is true.

Taos -- I hope you're satisfied, now that your attack has given the game to Miller on a silver platter. When I collapse the whole midwest goes to him, and you only get about five centers. Good luck -- you'll need all you can get when those war-parties start pouring in.

Deadline for AUT'08 retreat (MUS: W 113) and W'08 builds/removals -- Noon, Tues., Nov. 19.

DAA (Game of Anonymity #1) -- RUSSIAN ARMY RETREATING FROM SMYRNA TAKES UP NEW POSITIONS IN ARMENIAN FOOTHILLS!

SUMMER, 1909 retreat -- RUS: A Smy (R) Arm.

Propaganda --

Paris -- England: Yes.

Paris -- Rome: We interpret your evacuation of Berlin as an invitation for us to occupy it, in return for our assistance in your capture of Smyrna, your future defense of it, and your imminent capture of Trieste. If this is not true, you can easily keep us out of Berlin with a standoff; but if you do this, we would ask you to explain your ingratitude. In hopes that our relationship will continue to prosper at the expense of the Russians, I remain your own Louis the Last.

St. Pete -- Turkey: I think you're out this time. Many thanks for your help.

St. Pete -- England: Why should you trust France? For that matter, why should you work with him? There's no way you can get more than one or two supply centers from me without running into conflict with France. As it is, you're going to end the game as a third-rate power. I'm offering peace with you. Look at the map!

DAA (Continued) --

St. Pete -- France & Italy: Look, I'm out of it. If I'm lucky, I'll keep my home supply centers this year and maybe some others. The Big Russian Menace is ended. Now what are you two going to do? Italy is out to win, I'm sure of that -- he stabbed France and now me and if he gets an alliance with England, he can win the game by destroying France.

Deadline for FALL, 1909 moves & prop. -- Noon, Tues., Nov. 19.

DCA (Game of Anonymity #2) -- ARMIES OF PEASANTS RAISED IN FRANCE, RUSSIA, TURKEY
AS WAR ENTERS ITS EIGHTH YEAR!

The Players -- The ITALIAN player will continue; our thanks to those persons who submitted replacement moves for ITALY.

AUTUMN, 1907 retreat -- RUS: A Rum (R) Ukr.

WINTER, 1907 builds/removals -- FRA: (B) A Par; RUS: (B) A Sev; TUR: (B) A Con.

Positions at end of W'07 -- A-H: A's Tri, Bud, Ser, Rum (4); ENG: A's Lvn, Pru; F's StP(NC), Bar, Bal, NtS, Mid (7); FRA: A's Pie, Tyo, Mun, Sil, Ruh, Pic, Par, Spa; F's Tyn, Nap (10); ITA: A's Ven, Rom, Vic; F Por (4); RUS: A's Sev, Ukr, War, Mos (4); TUR: A's Con, Gre, Bul; F's Aeg, EMc (5).

Propaganda --

London -- Paris: Will you support me to Portugal this turn? I think it's a fair request after you took possession of one of my supply centers earlier (i.e., Belgium). I don't expect an attack on Warsaw will work -- please put that army back into Brest -- you move it to Belgium and things could become sour between us. Quite frankly, I've been stagnating, while you've picked up the supply centers. I'd like to see much more cooperation between us.

Moscow -- Italy, Turkey, & Austria-Hungary -- Do you realize that the Franco-English alliance controls half our world? How about doing something?

Paris -- England: Your idea came in after I had sent in the moves. I will support you into Portugal and Warsaw in the spring; send Prussia to Warsaw.

Deadline for SPRING, 1908 moves & prop. -- Noon, Tues., Nov. 19.

DGA (Game of Anonymity #3) -- POPULAR YOUNG ADMIRAL TAKES OVER CONTROL OF AUSTRIAN
FLEET STAGNATING IN BULGARIA! ENGLAND SCUTTLES ITS

Propaganda --

Berlin -- The Kaiser requests the withdrawal of all French forces to the west and south of England. We do not need your aid against the Czar's minions.

England -- Oh well, you can't win them all.

France -- Germany: Can support A Berlin/Kiel to Munich if you want to move A Munich to Bohemia. Would appreciate Norway, St. Pete and Sweden as my share of the Russian spoils as you can make up the difference in the Balkans.

France -- Italy: Will move A Piedmont to Tyrolia. See the uses of putting a chip on your shoulder? Or like B'rer Rabbit said, "Please don't throw me in that briar patch".

Rome -- Paris: What you have asked will be done (unless, of course, you retreated to Venice) -- certain "military experts" have been taken care of.

Italy -- Turkey: Just ask for any help you need.

Deadline for SPRING, 1907 moves & prop. -- Noon, Tues., Nov. 19.

GM Notes -- We could find nothing in the rules prohibiting a gift in the A/W season (although we did once make a "precedent" ruling allowing Foreign Trade in the SPRING and FALL only -- so the RUSSIAN gift to GERMANY is ruled legal. ##### In response to a question: A player who is eliminated from the game militarily, but who still has money, may continue in the game as an economic entity if he wishes -- but he could not win, unless he could "buy" some units from another player and go on from there....

Deadline for SPRING, 1906 moves -- Noon, Tues., Nov. 26.

Propaganda --

France -- England: Your offer is??

Propaganda --

NSG -- This is International Beat the H Out of Italy Day. You hear that, Russia?

GM Note -- For those persons who came to DPBA late, the only difference between the Lebling Variant and a Regular game is that all the Neutrals were armed at the start of the game (i.e., each Neutral had a standing army in it, which had to be dislodged before that Neutral could be occupied).

Deadline for SPRING, 1905 moves -- Noon, Tues., Nov. 26.

GM Notes -- Dan Alderson, please name the three supply centers that are to constitute your three "home" supply centers from this point on. You must build in these centers only from this WINTER on (and that includes this WINTER, so you may not be able to build up to your full strength this time around). ##### The ANK/BUD attack on the Aegean failed because of the existence of an ANK/BUD & BER/SMY Alliance; for the same reason, Ankara, although occupied this FALL by BER/SMY troops, remains in possession of ANK/BUD. ##### Existing Alliances: TUN/WAR & NAP/STP; ANK/BUD & BER/SMY. Remember, Alliances can only be formed in a WINTER season, and must be ordered by both parties.
